Notification dated 6th December 1949.

All Agents, Life Branch.

ear Sir,

For sometime past the office has been earnestly requesting you put forth your best efforts for increasing your Business to nable the Department to achieve its cherished objective of 2 Crores of New Business a year". As you are aware, the urrent official year would be closing sooner, by the 31st Iarch 1950, and it behoves everyone of you to work with reater zeal and vigour to gain our object this year itself, and hen accomplished it will be a victory for you and a pride r the Department.

It was my sincere expectation that all the Agents would ake the best of the opportunity given to them by the enerous increase in Honorarium rates. But the Business ecured so far shows that the progress is not encouraging. reater production of Business is to your own benefit and a andsome honorarium will be yours if you only put in more fforts.

It may be pleaded by some Agents that the conditions at resent are not favourable for writing large business, yet ther successful Agents are really doing splendid work and re maintaining a high level of Business. I congratulate hem most heartily and wish them still greater success. To he less successful Agents I have to say that so long as one as an intense desire and works unrelentingly there is no carcity of business. There are many thousands of persons ithout insurance cover, and what is needed in canvassing is n understanding of the particular needs of the person, a ight appeal and a little resourcefulness. We have still four nonths before us this year, and I urge you to quicken your fforts from this very day and work with confidence and letermination; you will surely reap the fruits of your labour. Remember always that an Agent who fails to get Business is doing no service either to himself or to the Institution he elongs.

May, I therefore, exhort you once again to work hard to et up the record figure of two crores of new Business for this ear.
